

PROFILE 606 SERIES

The Profile 606 is the most powerful speaker in the Profile line, featuring European 6" woofers and Morel MDT-29 soft dome tweeters for maximum power handling and sound pressure levels (SPL). Designed to fill big rooms with high-fidelity audio, the Horizon 616 produces deep, musical bass, detailed midrange and effortless high end. The Horizon 616 is the ideal sound solution for large flat-panel displays and projection screens.

- Maximum power handling at 400 watts per channel
- 6" European woofers and Morel MDT-29 soft dome tweeters for exceptional frequency response, power handling and SPLs
- Cabinet is constructed from solid MDF for low cabinet resonance
- MDF enclosure only 4" deep, hand-crafted to match your display or cabinetry
- Available in stereo pair or center channels
- Recommended for 60"+ TVs and dedicated home theater rooms

PR606. Audiophile grade pair with 6" woofers and 1" Morel MDT-29 tweeters
