

LEON RESIDENTIAL

# Sound + Style for Any Space

## The Fine Art *of* Custom Audio

Art is an evolution—a balance of craftsmanship, creativity, and vision. While our company has evolved over the last 25 years, our vision has remained the same: to mix art with audio and design with technology. From inspiration to fabrication, our team of designers, engineers, and craftsmen and women meticulously produce the finest quality speakers, benchmade in the USA.

Leon is recognized throughout the industry for our award-winning sound and unrivaled level of customization. Every product that leaves our shop is built by hand, custom tailored to your exact specifications. Whether it's designed to match the dimensions of your display or finished to integrate with the décor, we promise to deliver sound + style to any space in the home.

## ARCHITECTURAL SPEAKERS

### Immersive Sound, Discreet Design

Our range of architectural speakers are finely tuned to provide balanced sound throughout the entire home. We offer on-wall, in-wall, and in-ceiling models with a variety of custom finishes and grille options to blend into any living space.

#### CUSTOM FINISHES

Our architectural speakers can be painted to match any wall color, paint code, or fabric swatch.

#### Axis In-Ceiling Speakers

Premium in-ceiling speakers with optional square grilles and custom paint options to suit any design

*Available in 5 models*

#### Vault In-Wall Speakers

Handcrafted in-wall speakers that provide high-performance sound with custom paint options

*Available in 3 models*

#### Detail On-Wall Speakers

Handcrafted surround speakers that provide an immersive listening experience

*Available in 6 models*

AAROS SUBWOOFERS

# Refined Low End, Compact Design

Our Aaros subwoofers provide refined, cinematic sound for spaces that demand both subtlety and power. And with discreet cabinet options for in-room and in-wall applications, Aaros can be hidden beneath the furniture or left out on display.

**Aaros Ultra-Thin Subwoofer**  
10" ultra-thin subwoofer with superb tonal balance. Available with down-firing kit to completely conceal beneath the furniture.

**Aaros In-Wall Subwoofer**  
8" in-wall subwoofer perfect for applications where floor space is limited. Available with custom painted grille options.

**L3-1K AMPLIFIER**  
Pair Aaros with our Class A/B subwoofer amplifier for deep, controlled bass.

TERRA

## Rugged Speakers to Withstand the Elements

Providing high-performance audio for even the most demanding environments, Terra outdoor speakers are IP67-rated and feature marine-grade drivers in precision-fit, waterproof cabinets.

**Terra FIVE Outdoor Speakers**  
A contemporary cabinet designed to withstand the elements while providing high-performance sound with maximum coverage.

*Available in 3 models*

**Terra SIX Outdoor Speakers**  
An IP67-rated enclosure designed to withstand even the harshest conditions, while providing high-performance sound with optimal coverage.

*Available in 3 models*

**Terra Boundary Outdoor Speakers**  
Solid aluminum speakers with a UV and saltwater-resistant finish. Available in Black and White or any custom finish.

*Available in 2 models*

with integrated Horizon soundbar

Installation by TRIPhase

## EDGE MEDIA FRAME

### Frame the TV, Hide the Wires

Inspired by Mid Century media furnishings, Edge Media Frame is handcrafted from solid hardwood and encases any TV and soundbar in one simple design. Framing all sides of the display while neatly concealing the mounting and wiring, Edge brings the finishing touch to any home entertainment system.

#### Standard Finishes

**Edge Media Frame**  
Handcrafted to house any display and soundbar, Edge conceals the mounting and wiring in one simple contemporary design.

MEDIA DÉCOR

Technology that Moves You

Media Décor elegantly blends design with technology to enhance any home entertainment system. Custom designed to seamlessly integrate into any space, Media Décor has options to conceal any TV behind beautifully printed artwork and handcrafted frames.

**Moving Art Screens**  
Hide any TV behind fine artwork and custom frames—all powered by ultra-silent Lutron motors.

*Available in 2 models*

**Eclipse Art Lifts**  
Slide original artwork, mirrors, or decorative panels to reveal and conceal the TV behind it.

*Available in 3 models*

# Custom to the Core

We take great pride in being a completely custom shop—taking ideas from inspiration to design and fabrication. Our build-to-order approach offers the ability to customize almost every aspect of our speakers—from custom paint colors and finishes to custom grilles—even custom dimensions.

**Custom Contour Grille**  
Match the contour of any TV, including accommodations for logos or IR sensors

**Designer Grille Fabrics**  
Choose from our curated collection of grille fabrics for a more custom look.

**Custom Painted Grille**  
Match any color code, wood stain, or paint sample to complement any room

**Custom Painted Cabinet**  
Match any color code, wood stain, or paint sample to complement any room

**Custom Hardwood**  
Specify a custom hardwood to match any room design

**Completely Custom**  
Work with our team of expert engineers and designers to bring your idea to life
